Add Translator App on Outlook

In Outlook, please select the "All Apps" option located under the Home ribbon

Select Add Apps:

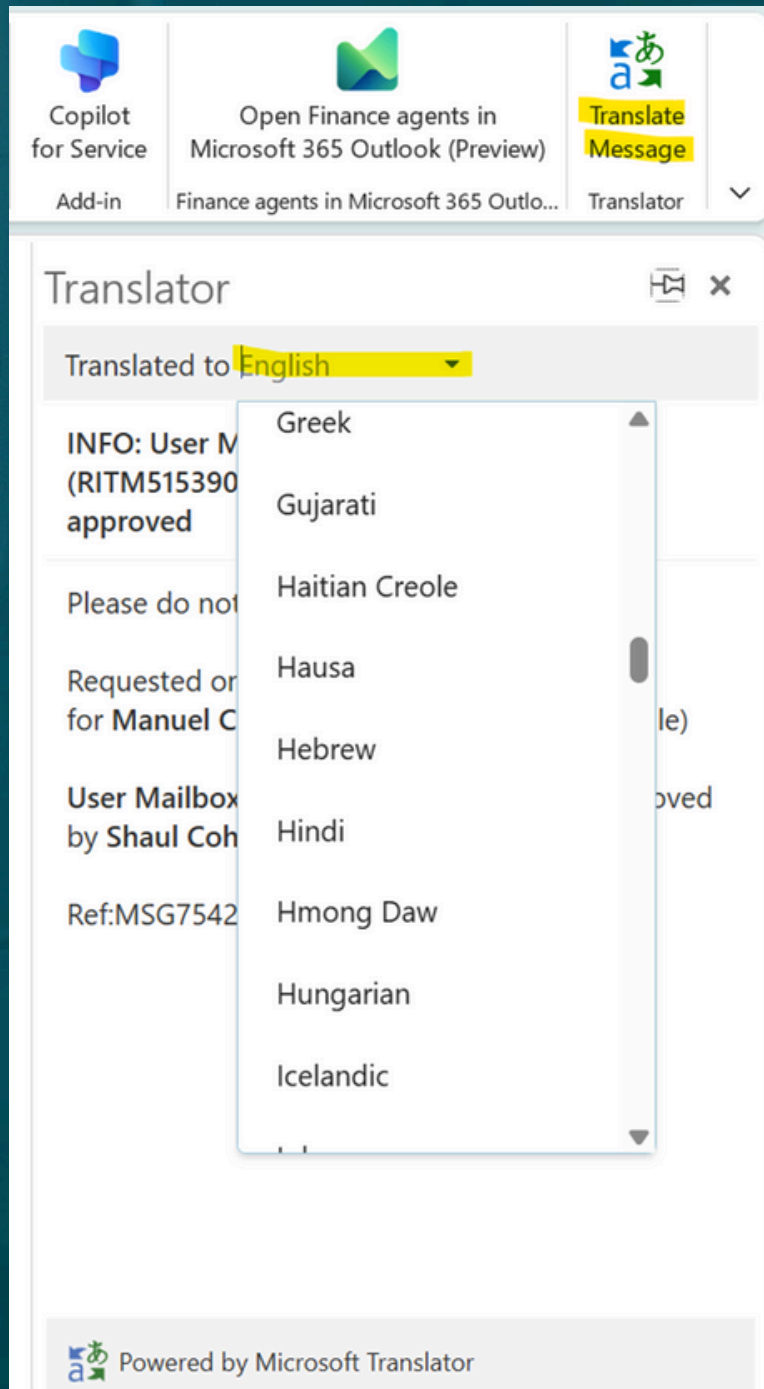

Begin by entering “Translator” in the search bar, then select the Translator for Outlook application.

Click Add to install the App in Outlook.

Padagis™

On a new email, you will find the "Translate Message" option in the ribbon. Selecting this option will activate the translator, enabling you to choose the desired language for translation.
